**Scenic Route from the Twin Cities:**

- Take MN Hwy 36 east to Stillwater. If you have time, stop and browse through the downtown shops. For lunch we like Whitey's at 302 Main Street.
- From Stillwater take MN 95 (Main Street) north 24 miles to U.S. Hwy 8. This is the most scenic leg of the trip.
- At Hwy 8 turn right (east) and follow it through Taylors Falls and over the St. Croix River to St. Croix Falls.
- Almost immediately after crossing the St. Croix take WI Hwy 87 north (left) 27 miles to Grantsburg.
- At the junction of Hwy 87 and 70, continue straight ahead. You will take a winding route through Grantsburg to the north end of town where you will find signs to Crex Meadows Wildlife Area and Burnett County Road F. On your way through Grantsburg, look for yellow geese painted on the roadway. Many of the geese are faded and hard to see but those at the corners have been repainted.
- From the start of County Road F at Crex Meadows check your odometer. Follow County Road F north for 24 miles.
- After 24 miles, there will be a sharp turn to the right (east) and a yellow street sign for "St. Croix Trail". Follow St. Croix Trail north to WI Hwy 77. (This is a shortcut to Hwy 77. If you miss this turn, keep going on County Road F to WI Hwy 77.)
- At WI Hwy 77, turn left (west). Cross the St. Croix River. Immediately after crossing the river, turn right (north) on Grace Lake Road. We are just ½ mile up the road.
